REAL SOLUTIONS FOR REAL BUSINESSES.
EMPOWERING THE **NEXT GENERATION** OF LEADERS.

Hello, Future Leaders!

Welcome to your BlueprintIQ activity book!

You have amazing potential, and the world needs your ideas, your kindness, and your leadership. This book is here to help you dream big, think creatively, and explore how **YOU** can build a better future—for yourself, your community, and the world around you.

At BlueprintIQ, we believe that **strong communities** create strong futures. That's why we help people solve problems, support local organizations, and create **opportunities** for everyone to grow and succeed.

We're not just focused on business—we're focused on **people**. From supporting schools and nonprofits to encouraging innovation and inclusion, we're proud to invest in the places we call home.

As you complete the activities in this book, you'll discover how leaders listen, learn, work together, and make a positive impact—in the classroom, in the workplace, and in the community.

You have the power to lead with heart and create change!

Inside, you'll explore exciting topics like:

Big Ideas & Goals: Dream, plan, and set your sights on what you want to achieve.

Helping Others: Discover how strong teams and kind hearts build strong communities.

Solving Problems: Think like a problem-solver and create solutions that make life better.

Technology & Innovation: Use smart tools and creativity to turn ideas into reality.

Safety & Responsibility: Learn how to protect what matters and make smart choices online and offline.

Our Community: Explore ways to care for the world around you and leave it better than you found it.

There are no wrong answers here—only new discoveries, curious minds, and brighter tomorrows.

We're so excited to be part of your journey.
Let's build a better future—together!

With encouragement and belief in you,

Kelly Stafford
